Educationally Discarded Students 2023-2024

As per the college plan, department of chemistry decided to conduct the online diagnostic test on 06/09/2023 so as to find out educationally disadvantaged students from the admitted students of B.Sc. I. The test was designed on multiple choice question to check the fundamental knowledge of these students. Question paper was having 15 multiple choice questions. The students of entry level i.e. B.Sc. I (Sem I) were previously informed about the conduction of the test.

In this test total 79 students were appeared. Out of these 05 students scored less than 35% of marks. The student's securing the score below 35% were treated as subject educationally discarded. Hence 5 students were decided as educationally backward students. Special classes were arranged to clear the basic ideas of the subject. These student were inform about their slow progress and we tried our best to improve these slow learners by giving extra coaching, group discussion and their personal educational problems related with subject. Special efforts were taken to improve the self-confidence of these students by giving some home assignment. The Schedule of such extra coaching was informed in asdvanced through the notice. These classes were conducted during 10th October 2023 to 19th October 2023 and attendance is specially mentioned.

The progress of these students was studied firstly through the oral discussion and then through unit test conducted for the class and first semester university result.
