### **Educationally Discarded Students 2021-2022**

As per the college plan, department of English conducted Diagnostic test on 10/12/2021 to find out slow learners and advance learners from the admitted students of B.A.I. The test was designed on the basis of multiple choice question to check the basic knowledge of the students.

All the students of B.A.I were appeared for the Diagnostic Test out of it 17 students scored less than 35% of marks. The students who scored more than 35% of marks, they are identified as Advanced Learners and the students, who scored below 35% are treated as slow learners. Special classes were arranged for them to clear the basic ideas of the subject. These students were informed about their slow progress and we tried our level best to improve these slow learners by giving extra coaching, home assignments, personal interview, group discussion and their personal educational problems related to the subject. The progress of these students was studied through the oral discussion and then through the unit tests conducted for their class.

## Report of Educationally Discarded Students 2021-2022

As per the college plan, department of Marathi decided to conduct the online diagnostic test on 25/10/2021 so as to find out educationally disadvantaged students from the admitted students of B.A.I (2021-22) Subject Marathi Literature (MLT) The test was designed on multiple choice question to check the fundamental knowledge of these students. Question paper was having 20 multiple choice questions. The students of entry level i.e. B.A.I (Sem I) were previously informed about the conduction of the test.

In this test total 180 students were appeared. Out of these 09 students scored less than 40% of marks. The student's securing the score below 40% were treated as subject educationally discarded. Hence 09 students were decided as educationally backward students. Special classes were arranged to clear the basic ideas of the subject. These student were inform about their slow progress and we tried our best to improve these slow learners by giving extra coaching, group discussion and their personal educational problems related with subject. In this test total 76 students were appeared. Out of these 05 students scored less than 35% of marks. The student's securing the score below 35% were treated as subject educationally discarded. Hence 5 students were decided as educationally backward students. Special classes were arranged to clear the basic ideas of the subject. These student were inform about their slow progress and we tried our best to improve these slow learners by giving extra coaching, group discussion and their personal educational problems related with subject. Special efforts were taken to improve the self-confidence of these students by giving some home assignment. The Schedule of such extra coaching was informed in advanced through the notice. These classes were conducted during 30<sup>th</sup> August 2021 to 07<sup>th</sup> September 2021 and attendance is specially mentioned.

The progress of these students was studied firstly through the oral discussion and then through unit test conducted for the class and first semester university result.
