

Academic and Support Facility.

2021-2022

The college has a system in place for facility repair and maintenance. The college management maintains the physical facilities with the assistance of a carpenter, gardener, electrician, plumber, and electrician. All equipment, including generators, copy machines, CCTV cameras, water purifiers, and inverters, are guaranteed to be in good working order. These facilities receive routine maintenance as necessary. For campus security, our college has security personnel. CCTV cameras are used to maintain campus maintenance. The college uses local assistance when needed. The kids get access to computers during working hours. Dotcom Agency Amravati constantly updates the college website.

The college prepares a time-table and posts it on the notice board where time slots are assigned for each class before the start of the semester to guarantee maximum utilization of facilities like classrooms and reading rooms. Every day, sweeper and non-teaching personnel clean the common area, restrooms, and classrooms. The college's principal has designated the seminar hall, leisure hall, and conference room for various uses. These are periodically maintained and cleaned. On the basis of requests, the college also makes space available to visitors. The following activities are allotted college space and classrooms for: Elections for municipal governments, legislatures, and parliamentary bodies.

1. A college field used for various competition
2. Exams can be taken offline or online in classrooms and computer laboratories.
3. PhD. students make use of research labs. For handling chemicals, acids, and many other equipment, standard safety precautions are followed.

The lab assistants regularly clean and maintain the equipment. Through the library committee, the college makes sure that the library is effectively used and maintained.
